New Driver Sign Up (2)

- You will receive an SMS message with the your TruckX verification code
- Enter the 4-Digit Verification PIN on the new screen, create and confirm your 5-Digit Login PIN
- Tap "Set PIN"
- Once the PIN Reset confirmation message occurs, tap "Continue"
- TruckX will synchronize and setups your data on your phone

### Existing Driver Login (1)

- As an existing Driver, open the TruckX Driver's Logbook App on your phone
- Enter your registered mobile number, US DOT and tap "Continue"

\_

### Existing Driver Login (2)

- Enter your 5-Digit PIN and Tap "Login"
- TruckX will synchronize and setup your logbook data on your phone

### Logbook Home Screen

- Once signup is complete and data has been synched, your will see the TruckX Driver's Logbook Home Screen
- At the top, it shows your name and ELD Connection Status
- Below this, you can find your current Duty Status, a tile with your current HOS information
- The section underneath shows today's Logbook graph
- At the bottom, you can find the navigation menu

6

#### Install ELD Device in Your Vehicle

- If needed, order additional TruckX ELD One devices on <u>www.TruckX.com</u> or call +1 (650)-600-0008
- Plug it into the 16-PIN diagnostic port of your Vehicle (use complementary TruckX PIN adaptor for different connector types)
- Power and Network Connection lights will be ON if device is properly installed

### Connect to Vehicle ELD (1)

- On the Logbook Home Screen, tap the Connection Status icon
- Select the vehicle you are connecting to and any Co-Driver if applicable
- The TruckX App will search for nearby ELD devices
- If unable to locate the desired device, please try again

# Driving with ELD

- Start driving your Vehicle with ELD connected
- Your Duty Status will automatically change to "Driving" when speed is more than 5 MPH
- When the Vehicle is stopped for more than 3 minutes, the driving status will automatically switch back to "**On Duty**"

**)** 11

TRUC

## Switch Duty Status

- Tap on tile with your Duty Status
- A menu will open with your current Duty Status highlighted
- Tap on the available Duty Status you would like to switch to
- Add an optional comment or select a standard note and tap "Update"
- Your Status tile will now be updated to the new status

### Disconnect When Done

- On the Logbook Home Screen, tap on the tile with your ELD connection Status
- Tap "Disconnect"
- When successfully disconnected, your Status tile will switch to red and state "Disconnected"

#### **Complete Daily Logbook Information**

- Tap on "Logbook" on the bottom menu in order to open your Daily Log Page
- Review your logbook entries
- You can click on the "edit" icon to edit your logs in accordance with FMCSA rules
- Navigate the tabs at the top of the page to access and edit your your Truck and Trip Docs, access the DVIR Workflow and Sign the Day's Logs

5G 📣 🖬 57%

Sign 🌗

#### Sign Driver Logbook Daily

- In order to sign your daily logs, tap the "Sign" Button on the logbook graph of daily logs that are missing your signature
- Alternatively, you can tap the "Sign" tab on the "Logbook" page
- Using your finger, draw your signature in the entry field and tap "Save"
- Once signed, the "Sign" button on the respective logbook graph will turn to "Signed"

#### Accept/Reject Log Edits

- When your Fleet Manager makes any changes to your Logs in accordance with FMCSA Rules, you will receive a notification once exiting Driving Mode
- Review the suggested change in detail
- Accept: Tab "Accept" and your logs will be updated accordingly with an edit annotation
- Reject: Tab "Reject" and provide a explanation of why the suggested change is incorrect. There will be no change to your Logs
