

User Guide

Garmin Fleet 670

- ▶ Hours of Service Logs
- ▶ Vehicle Inspection Reports

On home screen, tap 'Hours of Service'

1

Note

Driver login required for this feature

2

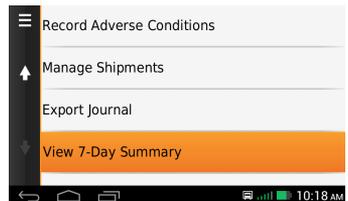

Tap your Driver ID

3

Scroll down, tap 'View 7-Day Summary'

Hand the PND to the officer for review

Getting Started

To setup a new Garmin PND, power it on using the button on top. Next, switch into 'Truck Mode' and complete a new vehicle profile for your truck and trailer.

Vehicle Profile

In order to reference certain parameters about your truck and trailer, you will need to create a Vehicle Profile. This profile contains information like the tractor and trailer size, weight, number, odometer and VIN.

**Note**

UPDATE PROFILE WITH NEW TRAILER NO. AS REQUIRED, WILL APPEAR IN HOURS OF SERVICE DRIVER LOGS

Hours of Service

Driver Login

You will need to login using a Driver ID and password, see your fleet administrator for these credentials. After logging in, you will be able to make duty status changes by tapping the 'Hours of Service' icon.

Digital Signature

The driver's signature will appear on the HoS logs after the duty status changes have been verified prior to logging out. The PND must be attached to the mount for logs to sync with the server.

**Note**

DO NOT PRESS THE POWER BUTTON WHILE DRIVING AS THIS WILL CAUSE THE PND TO SLEEP AND MILEAGE WILL NOT BE CALCULATED CORRECTLY

Truck/Trailer Inspection/Repair Reports

DVIRs may be filed using the 'Custom Forms' icon on the home screen:

- ▶ Driver Vehicle Inspection Form
- ▶ Driver Trailer Inspection Form
- ▶ Mechanic Vehicle Repair Form
- ▶ Mechanic Trailer Repair Form

**Note**

THE SAME PND SHOULD ALWAYS BE USED WITH THE SAME TRUCK AS SOME INFORMATION SUCH AS VEHICLE PROFILE STAY ON THE PND

At the beginning of your shift

- ▶ Retrieve matching PND for truck number and attach to mount
- ▶ Login using Driver ID and password and set status to 'On Duty'
- ▶ Update vehicle settings: tractor & trailer number
- ▶ Add shipments: name/commodity, number, start/end dates
- ▶ Perform pre-trip inspection, review previous DVIR

During your shift

- ▶ PND automatically updates duty status to 'Driving' when moving and then to 'On-Duty' when stopped for five (5) minutes
- ▶ At the beginning of a required break, set duty status to 'Off Duty'
- ▶ After the break ends, set duty status back to 'On Duty' or 'Driving'
- ▶ Update 'vehicle settings' with new trailer number(s)
- ▶ Review remaining hours under the 'Hours of Service' icon

At the end of your shift

- ▶ Create a new DVIR (if required by carrier)
- ▶ Set duty status to 'Off-Duty' and logout of PND
- ▶ Verify logs to attach your digital signature
- ▶ Wait for logs to upload, remove PND and return to fleet admin or store in glove box

Troubleshooting

Server error while trying to login

- ▶ Check to make sure PND is properly seated on mount
- ▶ Check cable connections to PND mount and transponder
- ▶ Turn engine on to wake transponder from sleep mode

Login attempt times out

- ▶ Poor cellular reception, try again

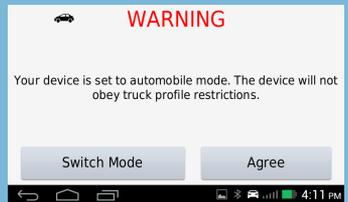

Error message : 'Problem detected'

- ▶ Transponder needs to be power-cycled
- ▶ Unplug both cables from transponder and plug back in

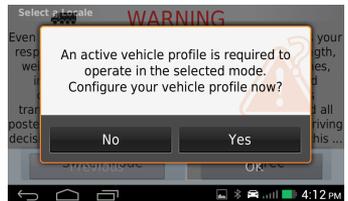

- 1 Press **'Power'** button to wake PND

- 2 If in **'truck mode'** tap **'Agree'**
Otherwise, tap **'Switch Mode'** then **'Truck'** and **'OK'** then tap **'Agree'**

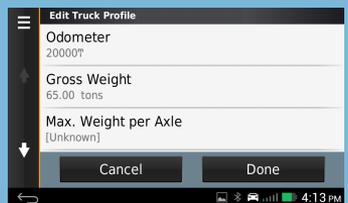

- 3 Tap **'Yes'** to configure profile with:
current odometer
gross weight
truck height/width/length
profile name

- 4 Scroll down, tap both **'Tractor Number'** and **'Trailer Number'** to update, tap **'Done'**

! **Note**
Select this profile when using this truck

- 1 Connect PND to magnetic mount

- 2 If truck details have changed, tap '≡' to edit tractor & trailer number
Then tap 'OK'

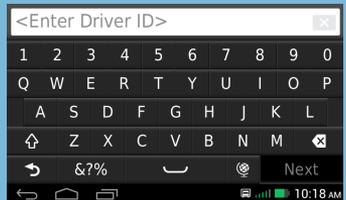

On home screen, tap 'Hours of Service'

- 3 **Note**
PND must be connected to mount

Enter Driver ID, tap 'Next'
Enter password, tap 'Next'

- 4 **Note**
Driver login takes up to one minute

Select new duty status, tap 'Save'

- 5 **Note**
Do not turn screen off while driving
Distances for hours of service log may not be recorded correctly

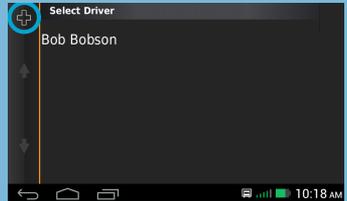

Connect PND to mount

1

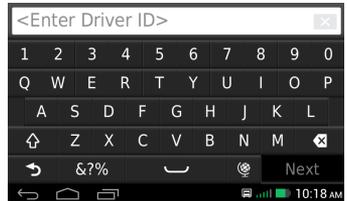

On home screen, tap **'Hours of Service'**

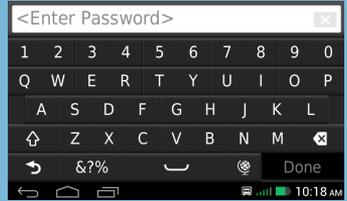

2 Tap the '+' icon

3 Enter your Driver ID, tap **'Next'**

4 Enter your password, tap **'Done'**

Select new duty status, tap **'Save'**

5

You remain logged in until logout

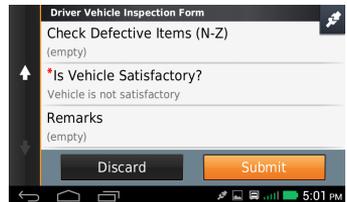

- 1 On home screen, tap 'Custom Forms'

- 2 Tap the form you want to submit
 - Vehicle Inspection
 - Trailer Inspection
 - Vehicle Repair
 - Trailer Repair

- 3 Fill out required fields including any defective items and selecting whether the vehicle is satisfactory or not along with any remarks and tap 'Submit'

- 4 To review a saved form, tap the icon in the upper left and then tap on the report you wish to view

Note
Submitted DVIR forms are saved to the PND
Keep the same PND with the same truck

On home screen, tap 'Hours of Service'

1

Note

Driver login required for this feature

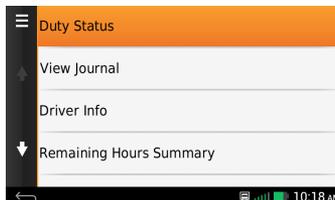

2

Tap your Driver ID

3

Tap 'Duty Status'

4

Note

Distance and locations automatically recorded by PND

Tap **'Yes'** to verify (sign) the entries

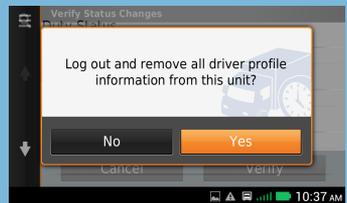

3 Review duty status changes, tap **'Select All'**

Then tap **'Verify'** to sign the log

Tap **'Yes'** to continue logout

4 **⚠ Note**
Allow logout to complete before removing PND from mount

Remove PND from mount and return to fleet administrator

5 **⚠ Note**
PND will drain truck battery if left attached to mount when not in use

At the beginning of your shift

- ▶ Retrieve matching PND for truck number and attach to mount
- ▶ Login using Driver ID and password and set status to 'On Duty'
- ▶ Update vehicle settings: tractor & trailer number
- ▶ Add shipments: name/commodity, number, start/end dates
- ▶ Perform pre-trip inspection, review previous DVIR

During your shift

- ▶ PND automatically updates duty status to 'Driving' when moving and then to 'On-Duty' when stopped for five (5) minutes
- ▶ At the beginning of a required break, set duty status to 'Off Duty'
- ▶ After the break ends, set duty status back to 'On Duty' or 'Driving'
- ▶ Update 'vehicle settings' with new trailer number(s)
- ▶ Review remaining hours under the 'Hours of Service' icon

At the end of your shift

- ▶ Create a new DVIR (if required by carrier)
- ▶ Set duty status to 'Off-Duty' and logout of PND
- ▶ Verify logs to attach your digital signature
- ▶ Wait for logs to upload, remove PND and return to fleet admin or store in glove box

Troubleshooting

Server error while trying to login

- ▶ Check to make sure PND is properly seated on mount
- ▶ Check cable connections to PND mount and transponder
- ▶ Turn engine on to wake transponder from sleep mode

Login attempt times out

- ▶ Poor cellular reception, try again

Error message : 'Problem detected'

- ▶ Transponder needs to be power-cycled
- ▶ Unplug both cables from transponder and plug back in
