<td>Automatic IFTA state mileage reporting saves you time and money.</td>
</tr>
<tr>
<td><strong>Access Permissions</strong></td>
<td>Manage permissions for fleet managers, compliance officers, drivers, accountants, brokers and customers</td>
</tr>
</tbody>
</table>
Simply plug Electronic Logging Device into a vehicle ECM port and start recording driving hours and miles automatically.

Logbook app connects to Electronic Logging Device via bluetooth and displays recorded driving time to a driver.

ELD & App work great with most tablets and smartphones. Use your own or purchase devices and data plans from us.
Install & Connect ELD

ELDs are installed within minutes

- **Locate ECM (diagnostic) port**
  Locate ECM (diagnostic) port inside of your vehicle. Look for 9-pin or 6-pin circular ports in heavy duty vehicles. Look for OBDII port in light/medium duty vehicles.

- **Install ELD**
  Simply plug the provided cable into a vehicle ECM (diagnostic) and attach the other end to the ELD device. The dual fastener is provided for dash mounting.

- **Log into ELD Logbook App**
  Log in to ELD Logbook App on your tablet/smartphone with a username and password created during a sign up process or provided by a fleet manager.

- **Connect ELD**
  Select a vehicle from a list of available vehicles and your device will attempt to connect to ELD via Bluetooth. Green Bluetooth indicator at the top right corner means you are ready to start using ELD.
Driving with ELD

- Once ELD connected, your driving time will be captured automatically.
- Once your vehicle is moving at 5 mph or more, your duty status is switched to Driving.
- Your logs and others features are not available while in Driving mode due to safety reasons.
- Once your vehicle is stopped, you may change your duty status by tapping on the status circle. The app will remind you to make a selection in 5 minutes. If no selection is made, your duty status will be switched to On Duty.

Weekend Hours

<table>
<thead>
<tr>
<th>Hours Available</th>
<th>Available</th>
<th>Recap</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Drive</strong> Today</td>
<td>08:12</td>
<td></td>

<tr>
<td><strong>Shift</strong> Today</td>
<td>11:03</td>
<td></td>
</tr>
<tr>
<td><strong>Drive</strong> Tomorrow</td>
<td>11:00</td>
<td></td>
</tr>
<tr>
<td><strong>Cycle</strong> 70-8</td>
<td>67:12</td>
<td></td>
</tr>
</tbody>
</table>

**Warnings**

Visual notifications and sound warnings help you to avoid hours of service violations and stay compliant.

**ELD - Electronic Logging Device**
Duty Status

Set duty status with just two-clicks. Status is updated automatically when driving starts or stops. Easy-to-use interface allows drivers to spend less time doing paperwork and more time driving. ELD simplifies training and prevents log errors.

Current duty status is always displayed on Status page inside of status circle along with available or reset hours.

Change Status

Tap the status circle, select your current status, add a note if necessary (i.e. pre-trip inspection) and press “Update” button.

Personal/ Yard

Personal Use Off-duty and Yard Move On-Duty statuses must be configured and allowed by a fleet manager.
Logs
Managing logs has never been easier

Today’s Log
Tap on TODAY’s log to view & manage your current log.
