# Let's start with ELD-Express

Customer support +1-312-940-6912 or support@eld-express.com

# Install the ELD-Express in your vehicle (1)

With the engine off, locate the diagnostic port inside the vehicle. The diagnostic port is generally located underneath the left side of the dash.

2

Attach the cable to the vehicle's diagnostic port, which may vary depending on a vehicle manufacturer.

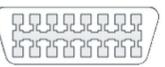

#### Ensure the cable is secured by turning the collar clockwise to lock it in place

OBDII

#### Install the ELD-Express in your vehicle (2)

Attach the other end of the cable to the ELD-Express.

4

Once plugged in, the indicator lights will flash momentarily before turning solid red. After approximately one minute, the left-side indicator light will turn green, indicating a successful GPS connection. If this does not occur, try moving the ELD to increase exposure to the sky.

#### Orange LED

TM-ELD is ready, when the LED is red and it is blinking orange once. LED is red and it is blinking orange once every 3.5 second means the unit is connected and working properly.

# Install the ELD-Express in your vehicle (3)

5

Choose a spot under the dashboard inside a vehicle to mount your ELD-Express. The mounting spot should be away from any vents or electrical components that may cause interference.

#### Connect your mobile device to the ELD-Express (1)

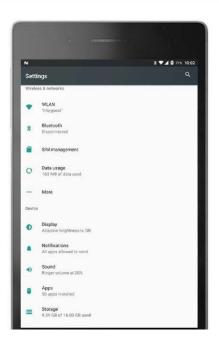

Open Android Settings and choose Bluetooth list of your devices will appear. Select the ELD device that you want to connect to and tap it to continue.

2

**ELD-Express** device is named prefix FM3001\_\*serial\_number\*, for example: "FM3001\_0694844". If more than 1 search result appears with prefix "FM3001\_", device should be selected by serial number written on TM-ELD device.

NOTE: for iOS devices please select a device with suffix LE, for example "FM3001\_0694844 LE"

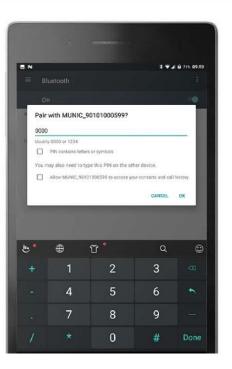

# Connect your mobile device to the ELD-Express (2)

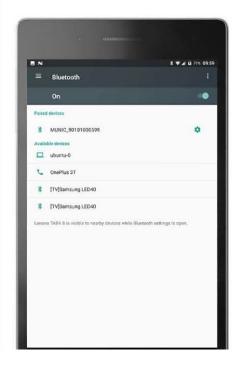

Enter PIN code 1583 to pair with your ELD device and tap OK

Ensure that your ELD device is at the paired devices list

#### Download the ELD-Express Android App

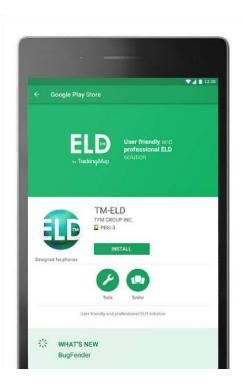

1	
I	

2

Search for "ELD-Express" in the Google Play Store for Android device

After you find it, tap on "INSTALL" icon to download & install the app.

#### Login to the ELD-Express App (1)

Open the ELD-Express App from your device's home screen.

On first run application dialog with permission request will appear. Accept with all requested permissions.

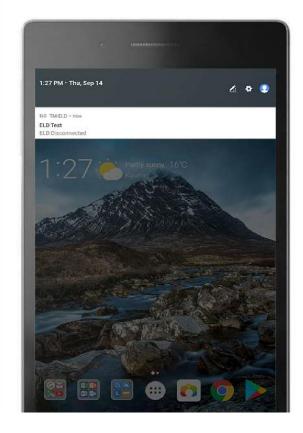

#### Login to the ELD-Express App (2)

Log in to the ELD mobile application (before log in "Connecting" status is shown or if ELD mobile application is already connected "Connected" status will be shown).

ELD connection state will be always shown in the notification bar, too.

Note: In order to log in for the first time, internet connection is required

# ELD-Express Usage

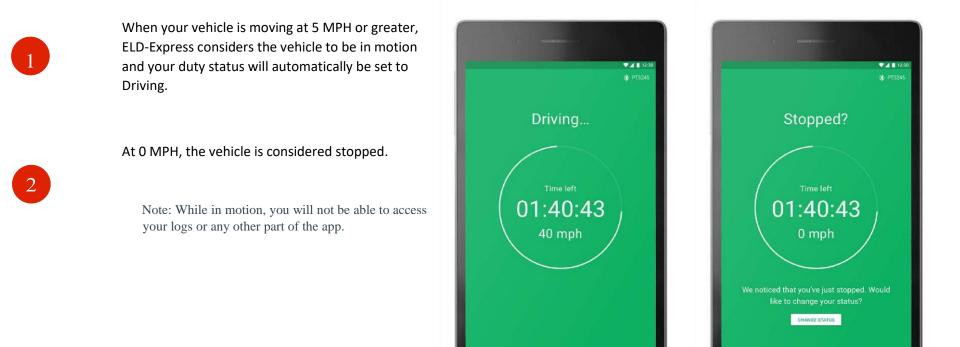

Customer support +1-312-940-6912 or support@eld-express.com

Compliant with FMCSA ELD mandate requirements

### Record Hours of Service with ELD-Express (1)

While you are connected to your vehicle's ELD, your driving time will be automatically recorded.

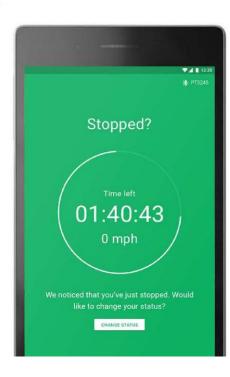

#### Record Hours of Service with ELD-Express (2)

While you are connected to your vehicle's ELD, your driving time will be automatically recorded.

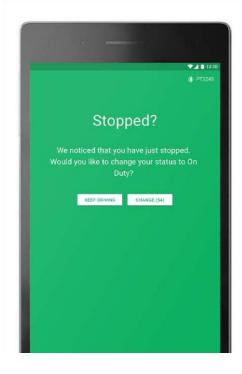

When stationary, you can change your duty status by tapping Change Status and selecting one of the alternate duty statuses listed.

4

If the vehicle remains stationary for 5 minutes, a popup window will appear that asks if you would like to change your duty status. If nothing is selected, your duty status will automatically be changed to On Duty in 1 minute.

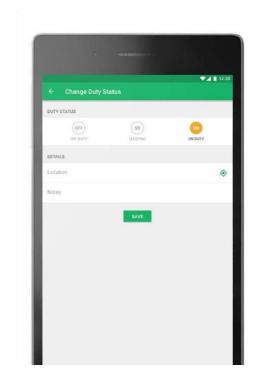

#### Change your current duty status (1)

On the main Logs screen tap the CHANGE button.

2 When you are not driving a vehicle, you can update your current duty status to Off Duty, Sleeper Berth, or On Duty.

## Find errors in your logs

A red exclamation  $\triangle$  on the main Logs screen indicates that your log has an Hours of Service violation or a Form error.

Hours of Service Violations. A red symbol HOS within a circle on your log graph indicates that you drove beyond the time allowed by the Hours of Service rules.

Form Errors. A red exclamation on the Form tab indicates that you are missing required information such as total distance driven or shipping document numbers.
