

ELD USER MANUAL

INSTRUCTION

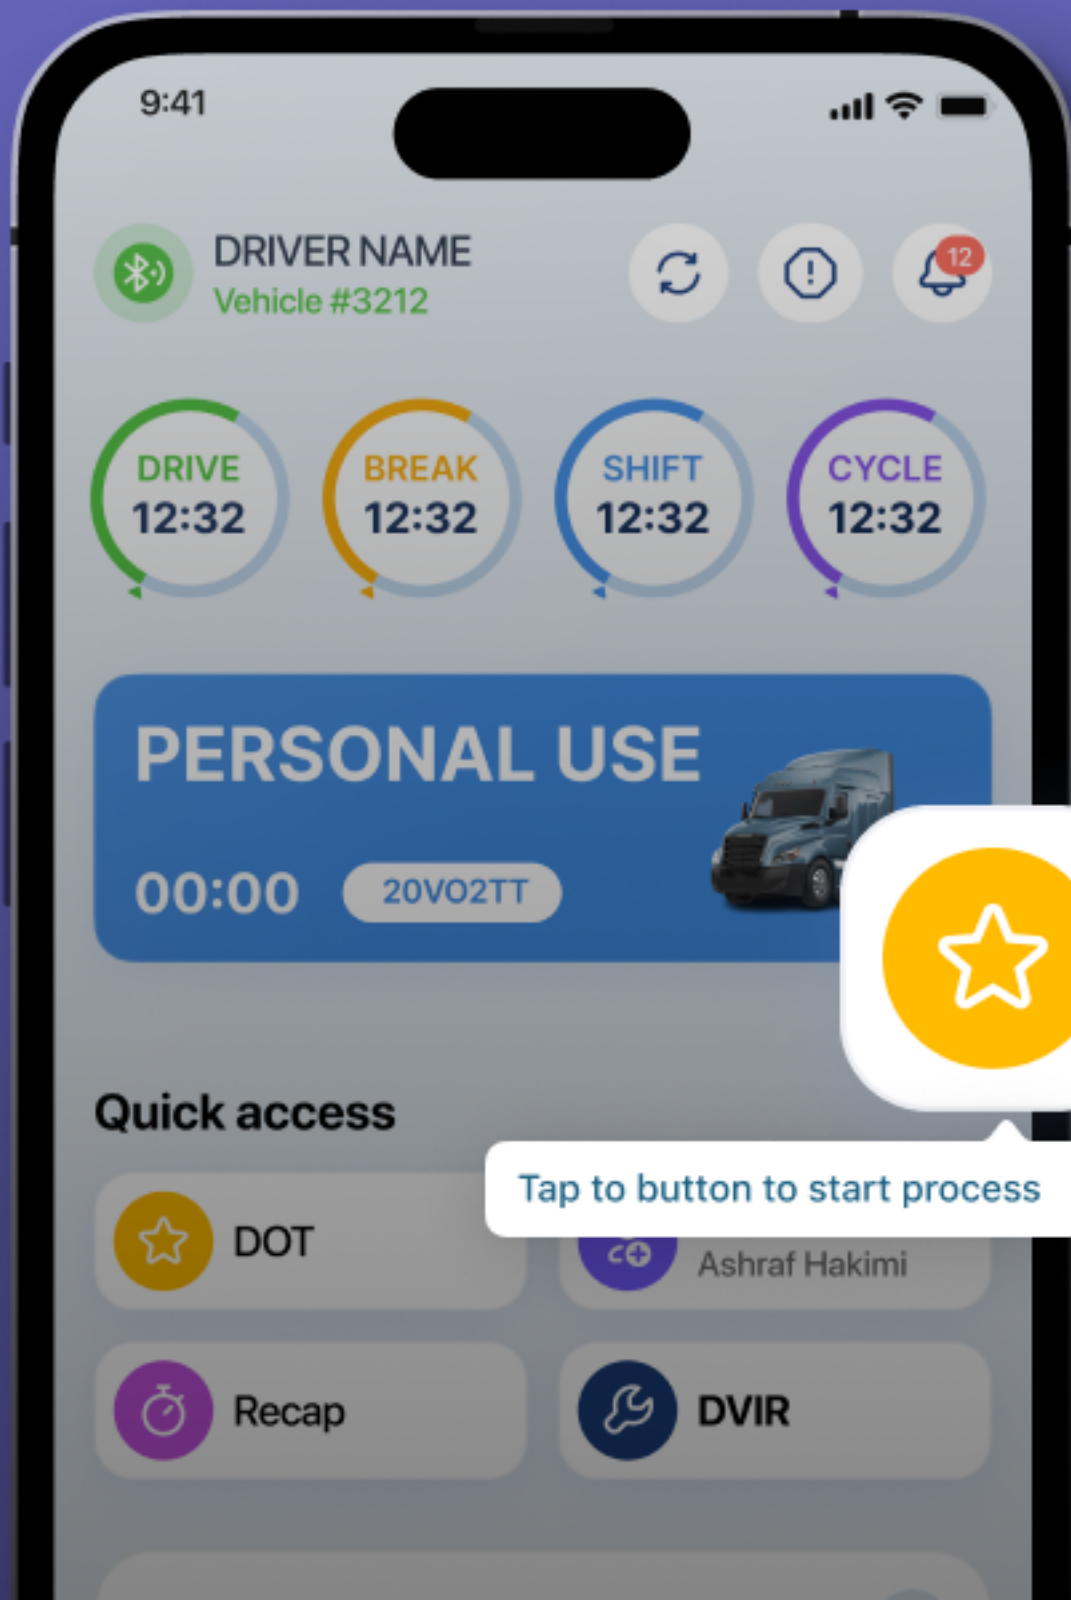

This manual is your guide to understanding and using your ELD. It will show you how to manage your Hours of Service (HOS) records easily, helping you stay compliant with all federal and intrastate rules.

In the Logs section of the app, you can access and edit your electronic logs. While driving time automatically logs and cannot be edited, you can modify other information to ensure accuracy as per ELD regulations.

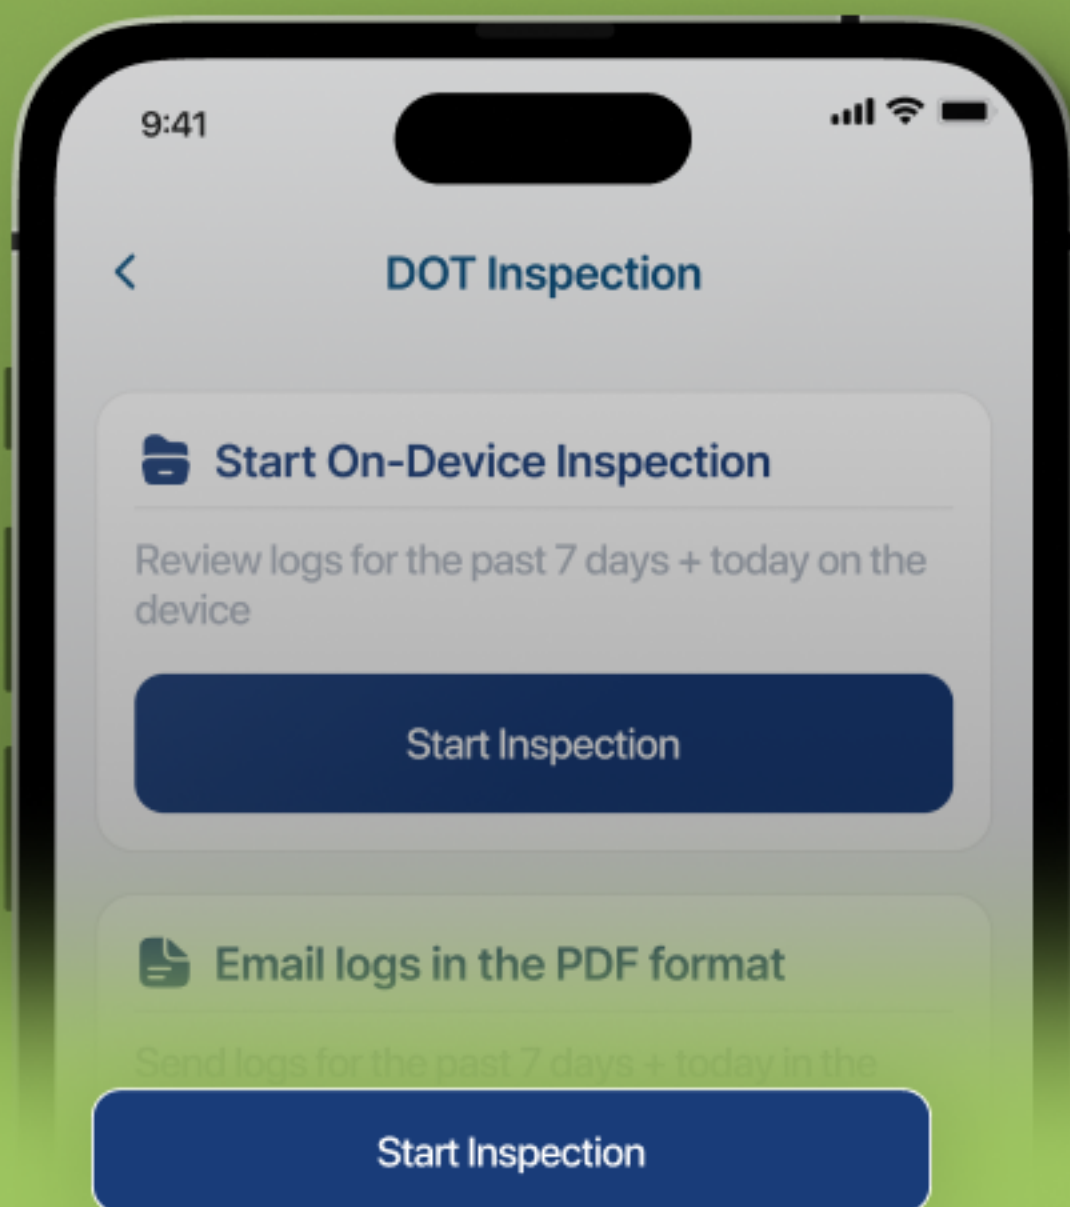

DOT INSPECTION

From the main menu of the app, locate and select the **DOT** Inspection mode. This mode is specifically designed to facilitate inspections and provide easy access to your electronic logs

START INSPECTION

Upon entering the DOT Inspection mode, tap the **"Start Inspection"** button to initiate the inspection process. The app will prepare your logs and display them in a clear and organized format.

1. Tap the "Start Inspection" button.
2. The app will automatically prepare your Hours of Service (HOS) logs.
3. Your logs will be displayed in a clear and organized format for review.

SHARE LOGS OR DOCUMENTATION

- Use the app's Send via **Email** or Send via **Web Services** options.
- These features enable secure, fast, and convenient sharing of the required records directly from the app.
