ELD MALFUNCTION

What does the driver need to do if the ELD is malfunctioning?

1. Immediately contact TrackFleet support at 630-366-0695 or info@trackfleet.com to troubleshoot the issue.
2. Note the malfunction and provide written notice to your fleet within 24 hours.
3. Keep a paper log for that day and until ELD is repaired or replaced. In the event of an inspection, display the previous 7 days logs from the TrackFleet App.

What does the fleet need to do if the ELD is malfunctioning?

1. If a motor carrier receives or discovers information concerning the malfunction of an ELD, the motor carrier must take actions to correct the malfunction of the ELD within 8 days of discovery of the condition or a driver's notification to the motor carrier, whichever occurs first.
2. In the event of an ELD malfunction, TrackFleet will send a new device upon notification from a Fleet Administrator.
3. If a motor carrier needs a time extension, they must notify the FMCSA Division Administrator for the State of the motor carrier's principal place of business within 5 days after a driver notifies the motor carrier according to the guidelines set forth in § 395.34(2).
