Install the SL22 ELD Electronic Log Book

1. For Android phones and tablets download the App from Google Play Store.
2. Open the **SL22 ELD** Electronic Log Book

Login to the SL22 ELD Electronic Log Book

1. Enter your login details and tap **CONNECT**.

Read the login details from your email. If you don't have login details yet, or you've forgotten them, contact your Carrier administrator.

2. Allow SL22 ELD app to access device's location.
3. Enter your trip details:
 - **Vehicle ID** – Enter vehicle ID. As soon as you start typing in this field list off available vehicles will be displayed.
 - **Trailer ID**- Enter trailer ID. As soon as you start typing in this field list off available trailers will be displayed.
 - **Shipment ID** – Enter shipment ID
 - Tap **SAVE**, when you entered all pertinent information.
 - Tap **CLEAR** to clear all entered values.

Enter your trip details

Vehicle ID

Trailer ID

Shipment ID

CLEAR SAVE

4. If the driver did not certify all the daily logs, the app will prompt the driver regarding uncertified logs along with the option to certify the relevant days.
- Tap **DETAILS** to show log detail.
 - Tap **CERTIFY** to certify log
 - Tap **DISMISS** to dismiss log certification for now

DISMISS

After successfully login & entering trip details, the Dashboard page is open. Now you need to connect to your vehicle.

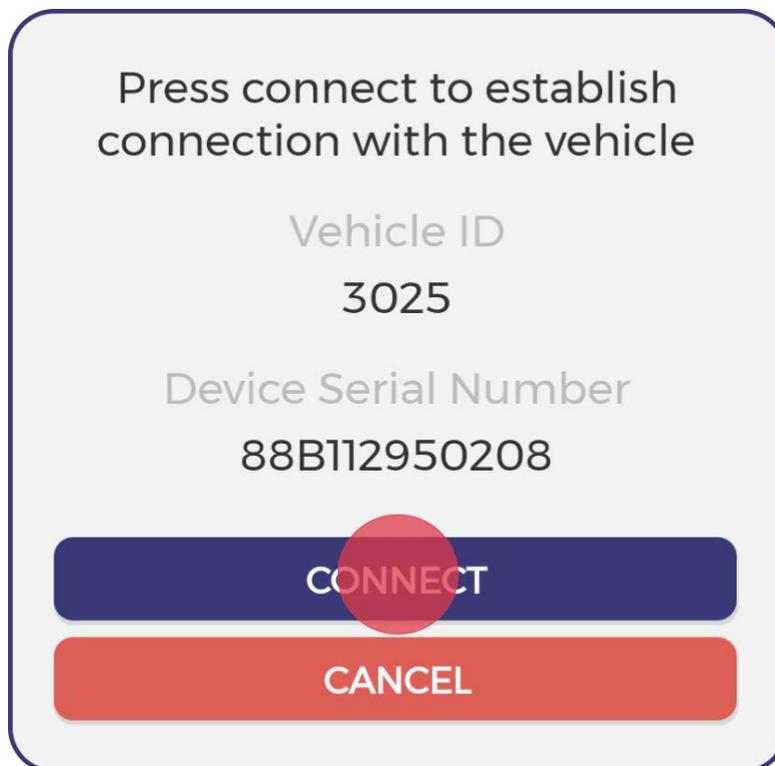

5. Tap **Not connected** icon to connect to your vehicle.

The screenshot shows the SL22 ELD app interface. At the top, there is a dark blue header with the SL22 ELD logo and a 'Not connected' status indicator with a red 'X' icon. Below the header, the user's name 'Troy Smith' is displayed. Underneath, there are three rows of vehicle information: 'Vehicle ID 3025', 'Trailer ID 531054', and 'Shipment ID 26139950'. To the right of this information is a dark blue button with a white house icon and the text 'Sleep. Ber.'.

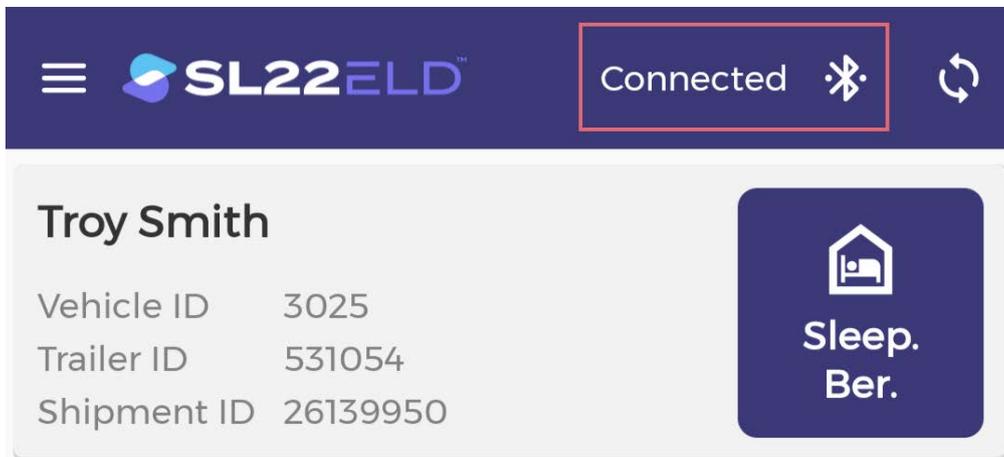

*Please ensure that Bluetooth is enabled on your device before you connect to the SL22 ELD app.
If Bluetooth is not enabled, SL22 ELD will ask you to turn on Bluetooth.*

6. Tap **CONNECT** to establish connection with the vehicle.

The screenshot shows a connection confirmation dialog box. It has a light gray background with rounded corners. At the top, it says 'Press connect to establish connection with the vehicle'. Below that, it displays 'Vehicle ID 3025' and 'Device Serial Number 88B112950208'. At the bottom, there are two buttons: a dark blue button labeled 'CONNECT' and a red button labeled 'CANCEL'. A red circle highlights the 'CONNECT' button.

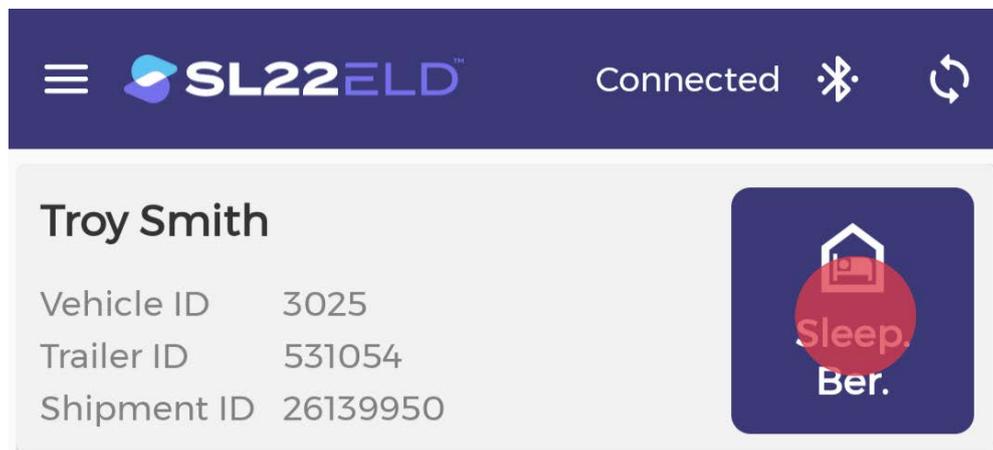

7. An icon will change upon successful connection

Start Driving

Once you've completed all of the pre-trip tasks in this section, you're ready to drive.

1. Tap on **duty status** button to change current duty status

2. Select a duty status from the list. Insert **Remark** and tap **SET STATUS**

Set your duty status

 Off Duty	 Sleep. Ber.
 Driving	 On Duty
 Pers. Conv.	 Yard Move

Confirm your location 0/60

Odometer
705998 Mi ▼

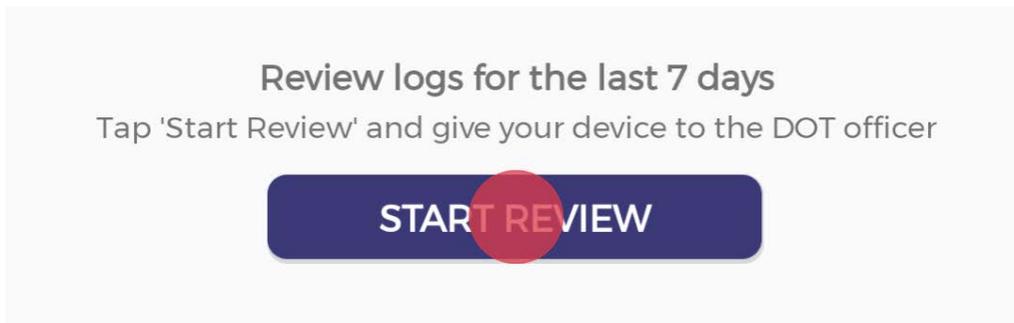

Note 0/60

SET STATUS

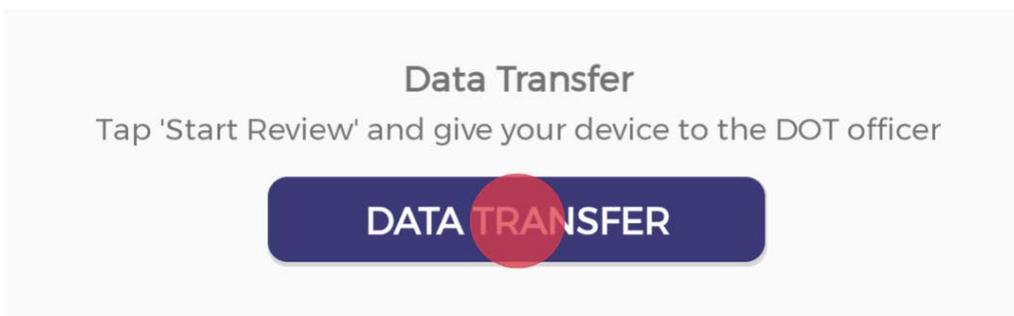

3. When your vehicle is moving at 5 MPH or greater, your duty status will automatically switch to **Driving**, in accordance with the ELD mandate.
4. When the vehicle stops you will be back to Dashboard screen and you will be able to change your duty status by tapping current duty status icon and selecting some other status.
5. If your vehicle has stopped moving for five minutes you will be prompted with a question if you would like to change your duty status. If you ignore the question for one minute, your duty status will be changed to **On Duty**.

Data Transfer

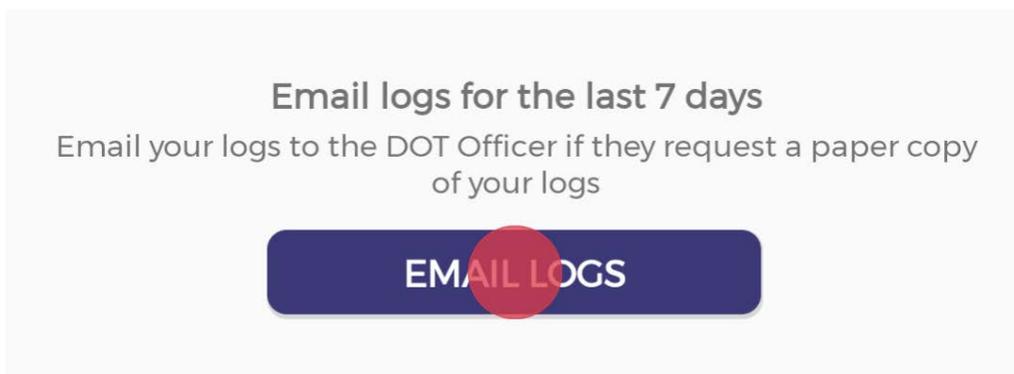

1. From your Dashboard view, tap the hamburger icon  to open main navigation menu.
2. Tap **DOT Inspection**
3. Tap **START REVIEW** for visual inspection.

4. Tap **DATA TRANSFER** to send the Output File to DOT Officer via the FMCSA web service.

5. Tap **EMAIL LOGS** in order to transfer the log information via email.

- Enter any remark supplied by the DOT officer and finish the process by tapping **SUBMIT**.

Data Transfer

Confirm the data is correct and choose 'Submit' to transfer the files
