

SWGO ELD solution ensures FMCSA compliance and delivers superior safety and productivity for any fleet.

> www.swgoeld.com SWGO ELD - Electronic Logging Device

SWGO ELD

Main Features **ELD Compliance and much more**

Automatic HOS

Automatic hours of service calculation and violation alerts. Automatic recording of driving time, miles and locations.

DOT Inspection Mode

Simply show logs on your phone or tablet.

No printer needed.

Multiple HOS Rules

Compliant with multiple HOS rules including

Property/Passenger 60-hour/7-day & 70-hour/8-day.

Electronic DVIR

Vehicle inspection reports are created and

submitted in seconds.

Compliance Monitoring

Monitor your drivers' hours of service logs and DVIRs.

Receive alerts to prevent violations.

Fleet Tracking Track your vehicles in real time and view their location history.

IFTA reporting Automatic IFTA state mileage reporting saves you time and money.

Access Permissions

Manage permissions for fleet managers, compliance

officers, drivers, accountants, brokers and customers

www.swgoeld.com SWGO ELD - Electronic Logging Device

Things You Need To Stay Compliant

Logging Device

Simply plug Electronic Logging Device into a vehicle ECM port and start recording driving hours and miles automatically.

www.swgoeld.com SWGO ELD - Electronic Logging Device

ELD Components

Logbook App

Logbook app connects to Electronic Logging Device via bluetooth and displays recorded driving time to a driver.

Tablet/Smartphone

SWGO ELD & App work great with most tablets and smartphones. Use your own or purchase devices and data plans from us.

Install & Connect ELD

www.swgoeld.com SWGO ELD - Electronic Logging Device

SWGO ELDs are installed within minutes

Locate ECM (diagnostic) port

Locate ECM (diagnostic) port inside of your vehicle. Look for 9-pin or 6-pin circular ports in heavy duty vehicles. Look for OBDII port in light/medium duty vehicles.

Install ELD

Simply plug the provided cable into a vehicle ECM (diagnostic) and attach the other end to the ELD device. The dual fastener is provided for dash mounting.

Log into SWGO ELD Logbook App

Log in to SWGO ELD Logbook App on your tablet/smartphone with a username and password created during a sign up process or provided by a fleet manager.

Connect ELD

Select a vehicle from a list of available vehicles and your device will attempt to connect to ELD via Bluetooth. Green Bluetooth indicator at the top right corner means you are ready to start using ELD.

ving with ELD

LD connected, your driving time will be captured automatically.

our vehicle is moving at 5 mph or more, your duty status is switched to Driving.

gs and others features are not available while in Driving mode due to safety reasons.

our vehicle is stopped, you may change your duty status by tapping on the circle. The app will remind you to make a selection in 5 minutes. If no on is made, your duty status will be switched to On Duty.

vailable driving hours, required eaks, on-duty limits and required off-duty time are calculated automatically

Visual notifications and sound warnings help you to avoid hours of service violations and stay compliant
